*Pink Charm (Nesmith). Tall, most popular near pink. July	2.00
For Arabian Sheik, Decoration, Forerunner, Wine- maker, my recent introductions, see March List.	

-:-

I have hundreds of others in small quantity. Let me
know what you want. You can see thousands of un-
named hybrids (.50 each) in the garden in N. E. Wash-
ington suburbs, about 3 blocks off Route No. 1. For
good shade plants see the many kinds of Plantain
lilies. Write for seed prices. Those with * are in the
Popularity Poll of The Hemerocallis Society.
